NOTE BY THE RESIDENT.

On Dewan's No. 1 *of* 1*st April* 1884.

District Magistrate's No. 2—1 *of* 1*st March* 1884.

As regards the Land Revenue, the orders passed and arrangements proposed by the Dewan seem appropriate. The District Magistrate should be informed that I approve of those arrangements and that I appoint him to be Ex-officio Collector, and the Second Magistrate and Treasury Officer to be Ex-officio Amildar, of the Civil and Military Station, and I empower them respectively to exercise, for the Civil and Military Station, all the powers of a Collector and Amildar, in accordance with the Land Revenue Laws and rules in force, which at present are the same as those in force in the rest of the Province of Mysore which is administrated by the Durbar.

2. The following Revenue Establishment will be required, and will be entertained, in anticipation of the sanction of Government of India, by my orders :—

1. Revenue Inspector on Rs. 25 per mensem.
1. Gumasta on Rs. 20 per mensem.
1. Peon at „ 7 „
2. Peons at „ 6 „.

As Amildar, the Second Magistrate will have to do, under the Collector, the jamabandi work of the villages and keep the accounts of collections for each village. As he is also Treasury Officer of the Station, these collections will of course be paid by the Potels direct into the Treasury. The Gumasta will keep the accounts of the collections, and the Revenue Inspector will assist in collecting the revenue and in jamabandi work, as Shekdars do in Mysore, and Revenue Inspectors in Madras Districts. The Revenue Inspector will also carry out the Collector's orders in such matters as collection of carts for troops, &c. The Peons will work under the Revenue Inspector in serving revenue notices and other miscellaneous work. The District Magistrate should appoint men to these offices as soon as may be convenient, taking care to get the men best qualified for the special work who are available, he should report, for confirmation of this Office, the man selected for the post of Revenue Inspector.

3. The District Magistrate, as Collector, should take charge of all the Land Revenue records and papers which the Deputy Commissioner of Bangalore and the Superintendent of Revenue Survey will make over, and should keep those which he ought to keep as Collector, and make over to the Second Magistrate those which the latter ought to keep as Amildar. Proper separate racks or almirahs should be provided for these papers. A report should be submitted to this Office presently, detailing the papers received, and saying whether the list appears to be complete and the papers correct.

The statement of arrears of revenue which is promised, should be sent up to this Office for information when received.

4. The District Magistrate should ascertain what periodical revenue statements and returns are submitted by the Deputy Commissioner in Mysore to the Dewan, and should in future submit them to this Office as Collector of the Civil and Military Station. He should also submit a short annual report.

5. Now that the District Magistrate has become Collector of Revenue of all kinds, the Officer in charge of the Residency Treasury, into which the Revenue will be paid, must take the place subordinate to the Collector which Treasury Officers hold in other Districts. The District Magistrate and Collector will be responsible for the Treasury management to the extent to which Collectors of Districts are responsible, and will count the cash, stamps, &c., once a month.

6. As to Stamps, I approve of the Dewan's proposals. The Treasury Officer should be directed to indent from time to time on the Superintendent of Stamps, Mysore, for supplies of stamps. The Collector should see that there are proper almirahs to keep the stamps in the inner room of the Treasury. The Treasury Officer should send his sale and stock accounts of stamps to the Accountant General of Madras. The Superintendent of Stamps, Mysore, will send through this Office to the Accountant General, Madras, his returns of stamps supplied to the Treasury Office.

7. A notification appointing the District Magistrate to be Collector of stamps, under the Stamp Act, should be sent to the Government of India Gazette. As Collector of Stamps he should send us an annual report of the administration of the Stamp Act, with returns of sales &c for inclusion in the Civil and Military Station Administration Report.

8. The stamp vendors agreements, or security bonds, should be revised, by substituting the District Magistrate and Collector of the Civil and Military Station, for the Deputy Commissioner of Bangalore.

9. In respect to the Dewan's para 11, the Registrar and the Sub-Registrar have been directed to make their remittances to the Resident's Treasury from the 1st of April. The monthly Statements, which the Sub-Registrar now sends to the Deputy Commissioner of Bangalore, will be sent to the Collector of the Civil and Military Station, who will have them compared with the Treasury receipts. The District Judge is Registrar for the Civil and Military Station and cannot be also Inspector General, nor can the Resident, under the law, himself assume the duties of Inspector General. I propose therefore, with permission of the Durbar, and Mr. Hudson's consent, to appoint Mr. Hudson Inspector General of the Civil and Military Station till other arrangements can be made : he has done the work hitherto as Inspector General for Mysore. If this is arranged, the Registrar will submit the Annual Report as before to Mr. Hudson, who will pass it on to this Office. The report, after examination in this Office, will be sent to the Collector, who will certify that he has compared the demand by the returns with the actual cash receipts of the Treasury.

10. The Law Courts of the Civil and Military Station, and the District Superintendent of Police, will send their statements of fines and miscellaneous receipts, which they have hitherto sent to the Comptroller of Mysore, to the Accountant General of Madras, who will check from them the Treasury accounts.

11. The medical receipts are, it is believed, all from the Bowring Hospital and Dispensaries, which are now Municipal Institutions, so that receipts will be credited to Municipal Funds and will be checked by the Municipality.

12. In respect to the Dewan's para 12, the Comptroller of Mysore has made over to the Treasury Officer of the Resident's Treasury his credit Registers for the Civil and Military Station. The Treasury Officer will be guided by these, and will refer to the Comptroller for any further information required. The Accountant General Madras has called for lists, signed by the Assistant Resident, showing present sanctioned establishments of all kinds : these will be prepared from the Audit Registers.

13. In regard to the Dewan's paras 13, and 14, the District Magistrate and Collector will take charge of the Traveller's Bungalow in the Civil and Military Station. I sanction the establishment being maintained on the present scale and paid. I also sanction the continuance of the charitable Muzrai payments aggregating Rs. 21—13—0 per mensem, and the payment of the annual allowance for the support of Govinda Chetty's Chattram. The files containing the original orders conferring these grants should be obtained and sent up for information.

14. As to the Dewan's para 15. Sandalwood is by the Mysore Forest Rules of 1878, and by ancient custom of the country, state property, wherever it may grow, whether in private lands or in public places, and it is necessary to maintain this right, in the Civil and Military Station, to prevent sale of smuggled sandal wood in the Civil and Military Station. For the same reason it is advisable to allow the Deputy Commissioner of Bangalore to continue to manage the exercise of the state rights in sandalwood within the Civil and Military Station ; an order will be issued from this office to the effect that, with the consent of the Durbar, the Resident authorizes the Deputy Commissioner of Bangalore to manage, on behalf of the British Government, the exercise of State rights in sandalwood in the Civil and Military Station in accordance with existing forest rules, and directs him to account for all wood obtained, and sent to the Durbar's sandalwood depots, and to pay the proceeds into the Resident's Treasury.

15. With regard to paras 16 and 17 of the Dewan's Letter, I agree that it is not advisable to make any change at present in the staff which supervises the excise of the Civil and Military Station. The Resident has already appointed the District Magistrate Civil and Military Station to be Collector and Superintendent under the opium and Excise Acts, and has conferred, in the same way, powers of inspection and prosecution on the Head Supervisor of the Darbar's Sadder Distillery at Bangalore and on certain other subordinate officers of the Durbar's Excise Department, till other arrangements are made, and at all events till existing liquor and drug contracts are terminated ; these officers of the Durbars excise Department can continue to do the work of check, inspection, and prosecution in the Civil and Military Station. It must of course be understood that, within the Civil and Military Station, they will work under the orders of the District Magistrate, and outside, under the orders of the Deputy Commissioner of Bangalore. If the District Magistrate and the Deputy Commissioner take care to work together no difficulty will occur. The District Magistrate, in communication with the Deputy Commissioner, should draw up detailed instructions to the Head Supervisor and his subordinates who have duties in the Civil and Military Station, showing what work they are required to perform in it, and what reports and returns they must submit. I consider also that it is advisable to decide at once what proportion of the pay of these men should be charged against the excise Revenue of the Civil and Military Station and that of the Bangalore District respectively.

16. As to the Dewan's para 18 clause (A,) I understand that he agrees to the proposals regarding arrack, contained in para 5 of my letter to which he was replying. By that proposal the contract which has been granted by the Dewan, and which with my consent included the Civil and Military Station, will not be disturbed during its duration, but the authorities of the Civil and

Military Station will have no concern with the minimum guarantee, by which the contractor is bound to the Durbar, and will simply receive the full duty on liquor brought within their limits. But after consulting the Dewan, and the Deputy Commissioner of Bangalore, I think it will be better not to make the contractor (as I originally proposed) pay the duty direct into the Resident's Treasury. It will be safer to leave to the Mysore authorities the business of forcing their contractor to pay the duty promptly. The District Magistrate and Superintendent excise, of the Civil and Military Station will bill the Deputy Commissioner of Bangalore monthly for the duty due according to the passes issued, and the Deputy Commissioner will then recover from the contractor, and remit the amount to the Resident's Treasury, The Treasury Officer will grant receipts in duplicate to the Deputy Commissioner of Bangalore who will send one copy to the District Magistrate, who will see that the receipts correspond in amount with the bills he sent to the Deputy Commissioner.

17. As regards (*b*) Toddy, the arrangements described in the Dewan's letter agree with those proposed in para 6 of my letter to the Dewan. The District Magistrate and Superintendent Excise, Civil and Military Station, will check by his papers the amount of Toddy brought into the Civil and Military Station by the contractor, and the Deputy Commissioner of Bangalore will show the District Magistrate the contractor's accounts of quantities issued to the Civil and Military Station, and the rest of the Bangalore District, and will determine, in communication with him, the proportionate share of the Toddy contract revenue creditable to the Civil and Military Station. For this amount the District Magistrate will bill the Deputy Commissioner, who will recover it from the contractor and pay it into the Resident's Treasury, taking duplicate receipts and sending one copy to the District Magistrate Civil and Military Station.

18. As regards (*d*) Ganja, till the present Ganja contract expires, a precisely similar arrangement to that for Toddy should be enforced.

19. As regards (*c*) Country beer, the present checks are allowed to be not very satisfactory, and the arrangement, sketched in outline by the Dewan, would I think not be the simplest. I think it will be better to at once separate the arrangements for the Civil and Military Station, and Bangalore District, in respect to supply of beer and Breweries. There are two Breweries in the Civil and Military Station, and one in the Pettah of Bangalore. It will be better to arrange that all wholesale and retail shops in the Civil and Military Station shall obtain their supplies only from the two Breweries in the Civil and Military Station, those in the Pettah drawing their supplies similarly from the Petta Brewery.

20. The Civil and Military Station breweries will send in monthly statements of issues to the District Magistrate Civil and Military Station, who will check them by his passes, and direct them to pay in duty accordingly to the Resident's Treasury and to furnish him with receipts. The Head Supervisor and his subordinates will also test the Brewers returns, by examining the wholesale shop accounts, to see that no liquor issues except under pass.

21. As regards (*e*) Opium, the Dewan accepts the proposals made in para 9 of my letter and they can be carried out. By these proposals the opium supply arrangements of the Civil and Military Station and the rest of the Bangalore District will be practically separate. The opium must certainly be sold at the same rates as in the Pettah. As opium is procured from Indore by the Durbar through this office, we can at any time indent on Indore separately for the Civil and Military Station supply if necessary, but for the present the Durbar agrees to supply to the Resident's Treasury, from its own stock, the amount which the Civil and Military Station is likely to require.

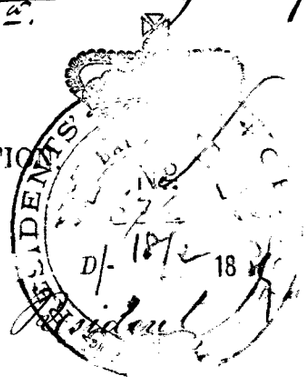
OFFICE OF THE COLLECTOR,
CIVIL AND MILITARY STATION.

Bangalore, 14th February 1889.
76 Rs.

FROM

THE COLLECTOR,
CIVIL AND MILITARY STATION,



TO

THE Assistant to the Resident
in Mysore.

SIR,

I have the honor to forward herewith 2 Bills for Rs 150. on account of the annual and quarterly remunerations payable to Patels and Shanbogues of the Villages attached to the Civil and Military Station of Bangalore for the years 1886-87 and 1887, respectively, together with the Treasury Officer's Memo No 253, attached thereto, and to request that you will be so good as to obtain necessary orders for the disbursement of the amount at the Resident's Treasury.-

2. These sums were not drawn for the reasons stated in my letter No 1165 dated 13th December 1888 to your address, and consequently lapsed to Government.-

3. 20

"It there is no provision in the Current years (1888 89) Budget Under "3 Land Revenue" on account of previous arrears of pay due to these Village Servants; I beg to suggest that Savings under some other larger head be appropriated to meet the expenditure. There is a saving of Rs 150 available under 32 Miscellaneous "Miscellaneous and Ungrown Charges."

I have the honor to be,

Sir,

Your most obedient servant,

Tamaraja Rath

Collector.
